

The Wish

17 2 2

Chapter 1 by Olive

I was a girl who liked to do normal things. I liked to hang out with my friends. I have a normal name, Emily. But things have changed, not for the good. And it was all because of the wish.

Chapter 2 by Sheepier Skipps- "So long and thanks for all of the fish!"

I woke up that day. I knew something was different. Before I took the covers off my face, I hoped that my wish came true. I took off the covers and saw my room grey and black. A wish had come true. I rushed to the bathroom and took a dump. Then I looked in the mirror. Smiled and saw them. They were sharp teeth and looked slightly sexy. I felt invincible and powerful upon other humans. But now things have changed. And it was all because of the wish.

Chapter 3 by Sheepier Skipps- "So long and thanks for all of the fish!"

There was one day that felt different from the rest. That was the first day. I was Emily. Now, I'm something different. The product of an over powerful creature that feeds of the main species on this Earth, other than bacteria. I started to dress my self. My dresser was filled with elegant dresses and corsets. I took the one most desirable on my first day. As I put on my Gothic Victorian Arwen Long Dress, I felt like the power was flowing through my veins, causing me to scream. No response. I looked at my arms and saw exactly what turned me. Two distinct bite marks on my wrist. The time moves so much slower now. I thought this was the right decision. To be a vampire for the rest of my lifeless days was the best path. I can already assume that some decisions aren't the best. For one, I never truly liked vampires. In fact, did I even wish for this. I ran to the mirror to see how I looked. The words to describe me were stylish, graceful,

tasteful, sophisticated, classic, chic, smart, fashionable, modish, refined, graceful, dignified, poised, beautiful, lovely, and charming. I was everything I wasn't and more. Let's show my parents how I looked now. I was in top notch shape, but where were my parents? That was very bad. And it was all because of the wish.
